

EDUCATION

MIT Academy of Engineering, Pune

2023 - 2027

B.Tech. - Computer Engineering | CGPA: 7.33 / 10

yashwant arts and science college, Jalna

2022

12th | hsc | Percentage: 75.33 / 100

L.H. Patil English Medium School, Jalgaon

2020

10th | CBSE | Percentage: 74.33 / 100

INTERNSHIPS

Cisco Networking Academy (NetAcad)

01 Jul, 2025 - 14 Aug, 2025

Cybersecurity Intern

Key Skills:

Attack Surface Analysis

Threat Analysis

Cisco Packet Tracer

Cybersecurity

Network Security

Network Design

Completed a 120-hour virtual internship in Cybersecurity from Cisco Networking Academy. Gained hands-on experience in network security concepts including VLANs, ACLs, VPN, firewalls, and attack surface analysis. Worked on Cisco Packet Tracer to simulate and secure network environments.

Built the project "Cyber Shield: Defending the Network" which included campus network analysis, identifying vulnerabilities, designing a secure hybrid access model for staff and students, and implementing web access control policies. Strengthened practical skills in network defense, security policy design, and network simulation.

Edunet Foundation | IT / Computers - Software

14 Jul, 2025 - 08 Aug, 2025

Intern

Key Skills:

Machine Learning

IBM Watsonx AI

IBM Cloud

AutoAI

REST API Deployment

Data Analytics

Selected for a 4-week virtual internship under AICTE – Edunet Foundation, powered by IBM SkillsBuild, focused on Emerging Technologies (AI & Cloud). The program includes hands-on learning in Cloud Computing, Artificial Intelligence, Data Analytics, Chatbot Development, and IBM Cloud services. The internship involves mentor-guided project development, participation in masterclasses, and completion of industry-relevant courses. The final deliverable includes a real-world project utilizing IBM Cloud and AI/ML capabilities, culminating in evaluation and certification from IBM SkillsBuild and Edunet Foundation.

PROJECTS

AI-Powered Power System Fault Detection & Classification

14 Jul, 2025 - 08 Sep, 2025

Team Size: 1

Key Skills:

Machine Learning IBM Watsonx AI IBM Cloud AutoAI Random Forest

Project Link: <https://github.com/rohanvarade/Power-System-Fault-Detection>

Built a machine learning model for power system fault detection using IBM Watsonx AutoAI. Trained and deployed the model on IBM Cloud with REST API for real-time fault classification. Implemented Random Forest for accurate predictions and faster fault response.

PERSONAL DETAILS

Gender: Male

Marital Status: Single

Current Address: Alandi, Pune, Maharashtra, India - 412105

Emails: rohanvarade976@gmail.com , 202301040132@mitaoe.ac.in

Date of Birth: 12 Feb, 2004

Known Languages: English, Hindi, Marathi
