Professional Summary

Third-year Computer Engineering student (CGPA: 7.33) with hands-on experience in full-stack web development, machine learning, deep learning, Android development, and cybersecurity. Achieved 98.11% accuracy across 7 deep learning architectures on 27,560 images. Completed two AICTE-certified internships with IBM SkillsBuild and Cisco Networking Academy in the same academic year. Proficient in Python, Java, JavaScript, React.js, Node.js, and IBM Cloud.

Education

Bachelor of Technology (B.Tech.) — Computer Engineering

2023 – 2027

MIT Academy of Engineering, Pune | Savitribai Phule Pune University | CGPA: 7.33 / 10

Higher Secondary Certificate (HSC) — Science

2022

Yashwant Arts and Science College, Jalna | Maharashtra State Board | 75.33%

Experience

Artificial Intelligence and Cloud Technology Intern

July 2025 – August 2025

IBM SkillsBuild | Edunet Foundation | AICTE | Virtual | 4 Weeks | IBM Certified

- Engineered a Power Fault Detection ML model on IBM Watsonx.ai AutoAI, evaluating 9 pipelines across 12 parameters and selecting a Random Forest Classifier achieving over 90% accuracy on 3 electrical fault types
- Deployed the model to IBM Cloud via REST API, enabling real-time smart grid fault inference and eliminating manual inspection lag across monitored grid segments

Cybersecurity Virtual Intern

June 2025 – August 2025

Cisco Networking Academy | AICTE | Skill India | Virtual | 120 Hours | Certified

- Completed 120 hours of AICTE-recognized training across 8 security domains: network security, VPN, firewalls, IDS/IPS, cryptography, and incident response
- Simulated a secure campus network in Cisco Packet Tracer, mapping 10+ attack vectors and proposing a 5-layer defense strategy that reduced simulated breach points by 80%

Projects

E-Waste Hazard Classifier — Deep Learning and Generative AI

Python, ViT-B16, ConvNeXt, ResNet, EfficientNet, Grad-CAM, Generative AI, Agentic AI | Team: 4

- Benchmarked 7 deep learning architectures on 27,560 images across 18 classes; achieved 98.11% accuracy and F1-score of 0.9811 using ViT-B16 and ConvNeXt Tiny, aligned with UN SDG 12.4
- Integrated Generative AI for natural-language recycling recommendations and an Agentic AI pipeline for autonomous disposal routing; applied Grad-CAM for explainability; compiled findings into a research paper

AlumiNet — Full Stack Alumni Networking Web Application

React.js, Node.js, Express.js, MongoDB, Socket.io, JWT, TF-IDF | Team: 4

- Architected a full-stack MERN platform with role-based access control (RBAC), JWT authentication, and email verification across 2 distinct user roles
- Built a custom AI mentor-matching engine using TF-IDF cosine similarity with zero dependency on paid external APIs; integrated real-time chat, admin dashboard, fraud detection, and event management with RSVP

EduTracker — Student Performance Android Application

Android Studio, Java, Android SDK | Solo Project

- Developed a native Android app tracking attendance and exam scores across 5 parameters, with an AI engine analyzing 3+ semesters of data to generate personalized improvement suggestions and predict outcomes

Technical Skills

Programming Languages: C++, Python, Java, C, JavaScript

Web Development: React.js, Node.js, Express.js, REST API, Socket.io, JWT, HTML5, CSS3, MongoDB, Full-Stack Development (MERN)

AI and Machine Learning: Machine Learning, Deep Learning, CNN, Vision Transformer (ViT), Transfer Learning, Generative AI, Agentic AI, LLMs, LangChain, RAG, IBM Watsonx.ai, AutoAI, NLP, TF-IDF

Android Development: Android Studio, Java, Android SDK, Native Mobile Application Development

Cloud and DevOps Tools: IBM Cloud, Git, GitHub, GitHub Copilot, Vercel, Railway, Cisco Packet Tracer

Data Structures and Databases: Data Structures and Algorithms (DSA) in C++, SQL, MongoDB, MySQL

Certifications

- **Cisco AICTE Virtual Internship in Cybersecurity** (120 hrs) — Cisco Networking Academy, AICTE, Ministry of Education, Skill India
- **IBM SkillsBuild — AI and Cloud Computing** (4 weeks) — IBM SkillsBuild, Edunet Foundation, AICTE
- **Full Stack Web Development** — Apna College
